

**IMPROMPTU DEFINITIONS EXCHANGE REQUIREMENTS**

All affirmative teams are required to provide their definitions to the other side at least ten minutes before a round of impromptu debating begins. Please write your exact definitions on the form below twice and tear it in the middle, then place the bottom half in the envelope provided to you, and write your school name and team letter - if any - on the envelope. You should define the resolution thoroughly because you will be required to prove it using any reasonable definitions proposed by the negative for any terms that you neglect to define. Your definitions must not produce a truism or tautology and no place-setting or time-setting are permitted unless otherwise stipulated by the Director. If you “squirrel”, you must make a CLEAR LINK to the resolution.
